Classical South Florida Chooses Logitek

August 4, 2011, Houston, TX – Classical South Florida (American Public Media) in Fort Lauderdale, Florida has ordered a Logitek AE-32 Audio Engine to expand an existing Logitek Networked Console installation.

The **AE-32 (Audio Engine)** TDM router offers advanced mixing, routing and control functions along with on-board dynamics, EQ, delay and 24 mix-minus feeds. Its card frame architecture supports analog I/O, digital I/O, and networking with other AE-32 units via dual 1 Gbit optical ports. It supports all Logitek consoles: Artisan, Mosaic, Remora, ROC, Pilot and vMix along with the vScreen user-configurable GUI and a wide variety of router controllers and other accessories.

About Logitek

Founded in 1979, Logitek Electronic Systems, Inc. designs and manufactures digital audio console, routing, switching and metering products for the broadcast and professional audio industries. Logitek Networked Console Systems are used in radio and television facilities worldwide. Full product information is available at the company's website: www.logitekaudio.com.
